

CONTENTS**Features**

6
Viewpoint: Making the most of the new soil conservation initiatives
Norman A. Berg urges the conservation community to press ahead with efforts to implement fully the conservation provisions of the 1985 farm bill

8
Managing the West's water
Mohamed T. El-Ashry and Diana C. Gibbons offer some common-sense ideas on how to make more efficient use of the region's limited water supplies

14
Agriculture and conservation: A new alliance
William K. Reilly assesses the role of agriculture in the future of rural America

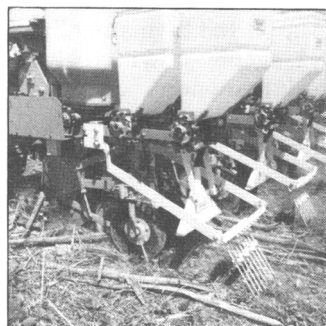

18
Terrace farming in Yemen
Horst Vogel surveys conservation needs on land cultivated continuously for several thousand years

22
Teaching teachers conservation
N. L. Meyers, L. C. Barber and C. Christenson describe a successful approach in Wisconsin to getting soil conservation taught in the schools

24
Reclamation and reuse of irrigation sediments
C. W. Robbins explains the reuse of dredge material from irrigation canals and ponds on farm fields

27
Commentary: Reconsidering the farm bill
Duane Sand looks at what conservation has to gain in any rewrite of the 1985 farm bill

28
Commentary: Beyond the mongongo tree: Good news about conservation tillage and the environmental tradeoff
Charles E. Little assesses prospects for moving toward herbicide-free tillage systems

Research reports

41
Conservation credit: Motivating landowners to implement soil conservation practices through property tax credit
Jerry R. Griswold

46
Using gravel to reduce soil losses from minimum-standard forest roads
J. N. Kochenderfer and J. D. Helvey

50
Use of no-till winter wheat by nesting ducks in North Dakota
H. F. Duebbert and H. A. Kantrud

53
Conservation tillage systems for annually cropped wheat in the Pacific Northwest
Robert E. Ramig and L. G. Ekin

55
Wind erosion reduces red pine growth on a sandy outwash soil
K. W. Farrish

57
Agronomic use of scrubber sludge and soil as amendments to Lake Springfield sediment dredgings
Kenneth R. Olson and Robert L. Jones

60
Hedgerow distribution and removal in nonforested regions of the Midwest
Bradley H. Baltensperger

Cover: Aldo Leopold, the acknowledged father of conservation and wildlife management, relaxes in a lawn chair at "the Shack" on his farm in Wisconsin, 1947. For more information about Leopold and his work, write Charles and Nina Bradley at the Leopold Memorial Reserve, E12919 Levee Road, Baraboo, Wisconsin 53913. See page 35.

The *Journal of Soil and Water Conservation* (ISSN 0022-4561) is published six times a year in January, March, May, July, September, and November by the Soil Conservation Society of America, 7515 N.E. Ankeny Road, Ankeny, Iowa 50021-9764. Second class postage paid at Ankeny, Iowa, and additional mailing offices.
