

JOURNAL OF SOIL AND WATER  
**Conservation**

SEPTEMBER-OCTOBER 1993

VOLUME 48, NUMBER 5

**FEATURES**

382

**382 Soil conservation and agricultural land use issues in Kazakhstan**

*Yacob Maul, Vitaly Garmanov, and J. Sanford Rikoon*

**389 Effects of traffic on soil physical characteristics and vegetative resources of the National Mall**

*G.B. Runion, H.H. Rogers, C.W. Wood, S.A. Prior, and R.J. Mitchell*

**394 Implementing conservation compliance: Perspectives from Iowa farmers**

*Steve Padgett and Paul Lasley*

**401 Making a difference—Agencies can, will, do work together to solve nonpoint source pollution problems**

*John Valentine and John Carochi*

**RESEARCH**

389

**429 Chemical tracing techniques for evaluating rill hydraulics**

*John E. Gilley and Eugene R. Kottwitz*

**432 Factors affecting attitudes toward groundwater pollution among Ohio farmers**

*Ted L. Napier and Deborah E. Brown*

**439 A daily rainfall erosivity model for Western Amazonia**

*H. Elsenbeer, D.K. Cassel, and W. Tinner*

**445 Erosion susceptibility and soil loss on grazing lands in some semiarid and subhumid locations of Eastern Kenya**

*Michael A. Zöbisch*

**449 Non-point source pollution impacts of alternative agricultural management practices in Illinois: A simulation study**

*Donald L. Phillips, Paul D. Hardin, Verel W. Benson, and Joseph V. Baglio*

**458 Midwestern farmers' perceptions of monitoring for conservation compliance**

*J. Dixon Esseks and Steven E. Kraft*

**466 Farm level impacts of the Coastal Zone Management Act proposed erosion regulations**

*Kelly J. Bryant, J.D. Atwood, Ronald D. Lacewell, Vernon D. Lansford, Bruce A. McCarl, and Paul T. Dyke*
