

\$100,000 by Year 2000

It takes a lot of nickles and dimes to run an international organization devoted to conservation. That's why the nonprofit Soil and Water Conservation Society is counting on you.

With just a few months left in our Millennium Campaign, we could use your nickles and dimes... your loonies...your pesos...whatever you can spare.

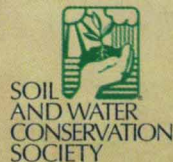

Our goal? To raise \$100,000 by 2000. And if every SWCS member sends at least \$25, we can easily reach that goal.

So help us usher in the 21st century with a stronger-than-ever voice for conservation. Your donation will let us serve you better and keep worldwide conservation issues at the forefront.

Mail your tax-deductible check (contributors of \$25 or more receive an SWCS coffee mug), or call 1-800-THE-SOIL, extension 12.

Stronger.
Better.
Ready to Grow.
